

BACKHUS A 30

Easy Handling

The BACKHUS A 30 is a robust, compact and manoeuvrable turner that is easy to operate. It requires little maintenance and provides superior performance. The fully self-propelled BACKHUS A 30 is easy to transport and assures maximum flexibility. It is ideally suited for use in gardening, landscaping, fruit growing and market gardening sectors as well as for the maintenance of municipal parks and composting farmyard manure.

- Heavy-duty, compact design
- Economical diesel technology
- Height-adjustable, reversible rotor
- Fully hydraulic, low-maintenance drive
- Self-propelled, no tractor necessary - optimal utilization of space available
- Easy to transport and ready for use in no time at all
- Turning capacity up to 700 m³/h
